Henderson

CHURCH OF CHRIST

JESUS IS OUR NATURE.

THE SPOTLIGHT

Henderson County is home to some of the highest producing farmland in the Bluegrass State, and if you want to keep your farm producing at such a high level, you've got to take care of the soil. Apparently, for some of the farms in our area, that means putting down a layer of chicken manure over every acre of fields you farm. I'm sure it will help us have a better crop in the fall, but it stinks today! Before I knew what it was, I noticed our whole neighborhood smelled terrible. Then I went by the church building and could still smell it! After that, I was headed toward Spottsville, and you could still tell the air had been filled with the aroma of "processed chicken feed"! It seemed as if the whole world smelled like the poultry equivalent of a pit toilet.

Have you ever had days (or weeks, months, even years) like that? It just seems like everything, everywhere, stinks. It's not a physical smell, but life is hard, and nothing works out the way you want. You can't catch a break anywhere. Life at home is hard. Work stinks. Your financial life is in trouble. Your spiritual life is down. Forget Chanel #9; your whole world has been spritzed with a bottle of "Chicken #2." What do you do when everything seems terrible?

It helps to remember it won't always be like this. Problems don't have eternal life! It's also nice to know that God is with us, even on the smelly days and even on the days when we are the stinkers! He reminds us in John 16:33 that His words can give us peace when the world offers us nothing but trouble. And Romans 8:28 teaches us that God can bring a great crop of blessings out of all that fertilizer! Take heart! ~ David
